The purpose of this alert is to confirm in writing the verbal information provided regarding UI coverage for Flood Assistance 1997 Project participants.

Non-profit and governmental project operators for projects such as this are exempt from the mandatory provision of UI for project participants. The California UI Code (CUIC), however, does provide operators with the opportunity to elect coverage for participants. The citation for this determination is the CUIC Section 634.5 [e]. In consideration of this election, project operators were asked to consider Department of Labor direction to ensure that grant funds are targeted towards maximizing cleanup and restoration efforts.

Please refer any questions regarding this matter to Luis Hermosillo at (916) 654-5416 or Laine Hendra-Aldrich at (916) 654-5595.
